Contact Website: www.phase4.org

January 3, 2022 – Kenmore, WA – Phase 4 Design, Inc. does it again! We have taken our live online Basic 2-Way Radio Training to On Demand!

Developed to provide the same level of training material content as our online course. On Demand provides the flexibility to view the video presentation on your own schedule.

The new On Demand Basic 2-Way Training includes the complete 250+ page Training/Reference Guide and 2-Way Toolbox. This course is divided into 8 modules with each module having a corresponding On Demand Video. The video is a module by module presentation of the material.

Because this class is presented On Demand we have been able to include content in post-production. Each video has been augmented with additional material to reinforce the printed information.

Contact us at 425-402-7308 or email info@phase4.org for more information.

Phase 4 Design, Inc. is located in the Pacific Northwest, near Seattle, Washington. We have been providing solutions to complex technical problems since 1989. Our nearly 50 years of combined experience in the areas of Two-way Radio / Public Safety / Paging, Telephony, LAN / WAN Network Design and Software System Design, makes Phase 4 Design, Inc. uniquely qualified to support Telex Radio Dispatch System Design, Implementation and Maintenance. Services are available Worldwide.
