Contact Company: Phase 4 Design, Inc.
Contact Name: Dave Grant & Mike Grant
Contact Phone: 425-402-7308
Contact Website: www.phase4.org

April 11, 2018 – Kenmore, WA – Phase 4 Design, Inc. has successfully integrated SIP telephones into multiple Mission Critical dispatch centers across the country running Telex C-Soft consoles.

These upgrade packages can be scaled for large or small dispatch centers and we offer a wide range of options. ([SIP Upgrade Flyer](#))

Our remote integration process is custom configured to meet all the requirements of our customer and is done securely over an encrypted VPN connection. We provide all SIP call flow configuration, C-Soft SIP programming and complete SIP Implementation Guide.

Contact us at 425-402-7308 or email info@phase4.org for more information.

Phase 4 Design, Inc. is located in the Pacific Northwest, near Seattle, Washington. We have been providing solutions to complex technical problems since 1989. Our nearly 40 years of combined experience in the areas of Two-way Radio / Public Safety / Paging, Telephony, LAN / WAN Network Design and Software System Design, makes Phase 4 Design, Inc. uniquely qualified to support Telex Radio Dispatch System Design, Implementation and Maintenance. Services are available Worldwide.
